

INVITATION 5th BIOTECON Diagnostics HAVEL SEMINAR

For Modern Microbiological Food Testing

2019

September

19-20

BIOTECON Diagnostics welcomes you to our 5th Havel seminar for Modern Microbiological Food Testing in Potsdam. We have been manufacturing innovative high-quality rapid detection systems for over 20 years and would like to share our experience with you. We would like to invite you to network, learn and collaborate, and to discuss with us new methods and applications.

Thursday, September 19

09:15 am Welcome

09:30 am *“Meat hygiene and microbiology of meat with special consideration of zoonotic pathogens”*, PD Dr. Karin Schwaiger, Ludwig-Maximilians-Universität München

10:15 am *“Foodborne viruses – detection, stability and control options”*, Dr. Thiemo Albert, Universität Leipzig

11:00 am Coffee break

11:30 am *“Microbial methods validation and verification: differences and impacts”*, Benjamin Diep, Nestlé Research Center Lausanne

12:15 pm Lunch break and boat tour

1:45 pm *“qPCR- and ddPCR-based detection of genetically modified plants - current situation and perspectives”*, Dr. Patrick Gürtler, LGL Oberschleißheim

2:15 pm *“Molecular food microbiology of dairy products: challenges and recent developments with particular focus on Listeria monocytogenes”*, Prof. Dr. Christina Hölzel, Christian-Albrechts-Universität zu Kiel

3:00 pm Coffee break

3:30 pm *“Vibrio and Enterobacteriaceae from retail seafood”*, Prof. Dr. Stephan Hühn-Lindenbein, Beuth Hochschule Berlin

4:15 pm Final discussion and farewell

Friday, September 20

09:30 am Three parallel workshops offered:

Workshop #1

GMO

Workshop #2

Veterinary

Workshop #3

Automation solutions
in the PCR lab for
Salmonella / Listeria

3:00 pm End of workshops

Early Registration:

(until July 1, 2019)

Seminar: 299 €

Workshop: 199 €

Seminar & Workshop: 449 €
